

## JURY FINDS GOVERNOR SMALL NOT GUILTY

### OUT ONLY LITTLE OVER AN HOUR IN REACHING VERDICT

Wild Scenes in Court Room When Verdict is Read—Men Shouted and Screamed While Women Laughed and Cried—Governor Issues Statement Immediately Afterward

(By The Associated Press)  
WAUKEGAN, Ill., June 24—Governor Len Small was acquitted today of conspiring with Lieutenant Governor Fred E. Sterling, the late Senator Edward C. Curtis and Vernon Curtis, Grant Park banker to defraud the state of interest money on public funds. The jury was out one hour and thirty-five minutes.  
How many ballots were taken is in question. Some jurors insisted they took two, the first one being 11 to 1 for acquittal. Others claimed that six, eight or nine were taken. Because of the short time the jury remained out, the lawyers, court and other observers believed two was the correct number.  
It was 3:38 when the jury filed in.  
"Gentlemen of the jury," Judge Edwards said, "have you reached a verdict?"  
"We have," replied Alexander Smith, a farmer who had been chosen foreman.  
Mr. Smith handed the court a small white envelope. The judge broke the seal, read the slip and passed it to Clerk Wilmot.  
"We the jury," Mr. Wilmot read in a loud voice, "find the defendant, Len Small, not guilty."

### ONE OF WORLD'S RICHEST MEN IS DEATH'S VICTIM

William Rockefeller,  
Oil Magnate, Passes  
Away Saturday

(By The Associated Press)  
TARRYTOWN, N. Y., June 24—William Rockefeller, who with his older brother, John, built up the family millions in the oil industry, died today of pneumonia complicated by a recurrence of kidney trouble, at his country estate overlooking the Hudson river from North Tarrytown. He was 81 years old.  
To all but relatives and his closest friends the end was unexpected.  
Death struck down the aged man of finance just as his tomb was nearing completion. A year ago workmen began building a pure white granite mausoleum for him on the highest ridge in the Sleepy Hollow cemetery half a mile south of his estate. It is almost completed and in a few weeks the bodies of Mr. Rockefeller and his wife will be placed in the \$250,000 tomb.  
The two wealthy brothers, John and William, journeyed last week to the farm on which both of them were born near Richmond. It was the exhaustion from this trip, Mr. Rockefeller's doctors said, that weakened him.  
The two brothers returned to their estates Friday night of last week. William insisted on motoring to New York when important business matters arose the following day. He was caught in heavy rains in New York and on the trip home that evening, and shortly after midnight the cold he had caught became serious.  
Physicians were called in before dawn on Sunday. They found Mr. Rockefeller suffering an acute attack of indigestion. The next day pre-existent kidney trouble began to trouble him again and the cold developed into pneumonia. Gradually the oil magnate grew worse but all along his indomitable spirit fought against the disease that gripped him more strongly each hour.  
Unconscious for several days Thursday Mr. Rockefeller lapsed into unconsciousness and from then on he was never in full control of his senses. He refused nourishment and toward the end he had to be forcibly fed.  
Last night Mr. Rockefeller's breathing grew heavier and from then until 6:40 o'clock this morning when he expired oxygen was administered continuously.  
Altho a Baptist, Mr. Rockefeller, when living upon his estate, attended services at St. Mary's Episcopal Church at Scarborough and the rector of that church, Rev. Dr. C. W. Baldwin, will conduct the funeral services at the home (Continued on Page Four.)

### LABOR REFUSES TO RECOGNIZE RUSSIAN SOVIET

Turns Down Resolution Favoring it by Overwhelming Vote

(By The Associated Press)  
CINCINNATI, O., June 24.—Adoption of a program calling for a non-partisan political campaign this fall to select the friends of organized labor and an overwhelming defeat of the radical forces that favor recognition of the Russian soviet government marked the closing session today of the American Federation of Labor convention.  
Labor's political stand was adopted without discussion including resolution calling on all union men and women to enter more actively into politics with the purpose of "ultimately controlling the machinery of our national government by capturing the Republican and Democratic parties, but the Russian question stirred up spirited debate that was ended only on account of the parliamentary maneuvering of yesterday having shut off the flood of oratory.  
The declaration against the soviet was the third taken by the federation and was a victory for the administration forces led by President Samuel Gompers who in a formal statement tonight declared the action on the Russian question was of special significance, because "not a single local union has been overlooked by the propagandists for soviet brutality and autocracy."

Unable to Get Roll Call.  
A resolution favoring recognition failed of adoption on an oral vote and a roll call was lost when only 22 delegates supported the demand for one. Pressing on from this victory administration forces moved the adoption of a resolution reaffirming the federation's stand against the soviet and the motion carried without an effort to force a record vote.  
The federation's political campaign, as favored by a committee report adopted provided that the general conduct of the campaign should be left to the committee.  
Two congressmen were praised by the adoption of a committee report which said they had thwarted a scheme of reactionaries in the house of representatives to appropriate money for the department of justice to prosecute or rather persecute labor and the farmers under the anti-trust act. These congressmen were Representative Nolan, Republican, California and Representative Johnson, Democrat, Kentucky and the convention voted an expression of thanks for their work.  
Efforts by organized labor to join hands with the farmers for mutual benefit was approved by the convention in adopting a committee report directing the council to continue to do "what it can in furtherance of educational work as will acquaint the farmers with the issues that not only affect the wage workers but the farmers as well."  
A resolution also was adopted putting the federation on record in opposition to blanket legislation for the repeal of laws that discriminate against women.

### SAYS RIOTS LIKELY TO BE RESUMED

(By The Associated Press)  
CHICAGO, June 24.—Mine riots in the Herrin, Ill., coal district are likely to be resumed on the least provocation and the massacre of Thursday may be re-enacted at any moment, Arthur S. Lytton, attorney for the Southern Illinois Coal company asserted today upon his return from his region.  
Mr. Lytton went into his office on Wednesday when the first outbreak occurred and remained there until last night. He did not visit Herrin stating that "it would have been suicide" to do so but went to Carbondale, Marion and other towns in Williamson county.  
"Remorse and regret over the massacre of miners Thursday are lacking in Williamson county," Mr. Lytton said.  
BOYS FIND DEAD BODY IN RUBBISH PILE  
Fort Madison, Iowa, June 24.—Three boys today saw a hand protruding from a pile of rubbish and, investigating, found the nude body of a man hidden beneath the heap. Two wounds in the head and a rag tied tightly about the neck to cause strangulation convinced police the body is that of a murder victim. It had been in the rubbish pile several days, and decomposition makes identification difficult.

### Reasons for Coal Strike Given by Union Miner

(By The Associated Press)  
HERRIN, Ill., June 24.—"You want to know what this is all about son?" asked a tall sunburned man who sat in the office of the United Mine Workers tonight. "I'll tell you what. It's bread and meat. That's what this strike's about, bread and meat for men and their families. And they know if their union's busted by bringing in outsiders then their jobs will be gone. And there won't be any more bread and meat for them and their kids."  
The union men feel that the injustice has been done them by their county. They said that the whole story of the events leading up to the storming of the Southern Illinois strip mine and the killing of 20 odd non-union men has not been told.  
From officials of the sub-district of the union down to the humblest member of a local union when these men will talk at all they repeat the same story. It is that the Southern Illinois company broke faith with them. That it made an agreement and hired union men to strip the soil from the coal on condition that the coal was not to be marketed before the coal strike ended. Then, according to the union men, the company deliberately broke faith, disregarding its agreement and brought in non-union men to finish the job and ship the coal to market.  
The guards who protected the non-union men the union men declare shot frequently at unarmed persons who came near the mine and passed on by.  
Three union men were killed in the vicinity of the ill-fated mine the day before it was captured.  
They were killed without provocation their comrades declare.  
Herrin Miner Buried.  
Today Guy Henderson, the first union miner to fall was buried here. A tremendous crowd estimated at 1,500 to 2,000 followed the funeral to the cemetery. Herrin's band of twenty pieces headed the procession which was more than a mile long thru the town. Back of it came a great miners delegation each man wearing a big silk ribbon badge inscribed "In Memoriam, United Mine Workers of America."  
Then came groups from various lodges and clubs. In the center an old man carried an American flag draped with black crepe. In the procession were old and young and one old man hobbled along with a pool cue for a cane. All were in shirt sleeves; a majority walked with their heads bared.  
The procession passed by the hospital where more than a dozen wounded strikebreakers were lying, some near death. One or two were able to watch the procession from the window.

### SMALL MINES IN IOWA ARE CLOSED BY UNION MINERS

Visit Mines in Automobiles and Tell Workers to Quit the Job

(By The Associated Press)  
KNOXVILLE, Iowa, June 24.—The first demonstration of union sympathizers in Iowa since the coal strike started resulted today in the closing of approximately a dozen small non-union wagon mines.  
Early this morning following a mass meeting last night of striking miners at the nearby mining town of Peddingham, scores of automobiles loaded with strike sympathizers, started out visiting all the non-union mines operating within a radius of approximately 20 miles. Workers in the non-union mines were told to quit work. In all instances according to reports these requests were immediately complied with.  
In a number of instances operators of the non-union mines learned of the coming visit of the strike sympathizers and closed their mines. In several other instances it is reported that the working miners ran for their homes when they saw the many automobiles loaded with strike sympathizers headed for the mines in which they worked.  
Reports from Pershing state that about 6 o'clock this morning one party of possibly 100 men in scores of automobiles left for this vicinity where there were approximately half a dozen mines in operation.  
They returned about noon. It was later reported that another group of approximately the same number left for Bussey, in the southwest corner of Marion county where there are a few small mines.  
A number of the party say there was no violence. It is estimated there were approximately 400 men employed in the non-union mines within a radius of 50 miles of Pershing where the agitation to close these mines appears to have had its origin.  
The total output from all non-union mines in this vicinity is estimated at about five car loads a day.

### KANKAKEE IS SCENE OF REVELRY

(By The Associated Press)  
KANKAKEE, Ill., June 24.—Kankakee was a scene of revelry tonight as it awaited the arrival of Governor Small. Thousands of persons assembled on the streets amidst the blaze of red fire. Bands played in the court house yard and factory whistles blew continuously. Hundreds of automobiles accompanied by a band met the governor and his party six miles from the city and escorted him to his home in West Kankakee where hundreds of neighbors and friends were waiting to greet him.  
QUILT HAS 30,000 PIECES  
Birmingham, Ala., June 24.—Mrs. Ella Wiley has finished a quilt with 30,000 pieces of cloth and untold millions of stitches. She made it alone working on it several years.

### UNABLE TO LOCATE NINETEEN MEMBERS OF THE PURITAN

Captain and Four Men Last to Leave Vessel are Rescued

(By The Associated Press)  
HALIFAX, June 24.—Efforts to locate 19 members of the crew of the Gloucester Schooner Puritan wrecked on Sable Island Rocks, have been unavailing. It was reported tonight by the superintendent of the Sable Island Life Saving station.  
Captain Jeffrey Thomas and four men who abandoned the schooner after other members of the crew put off on rafts and life boats were rescued.  
Late this afternoon in a thick fog, a life boat was sent from the Sable Island station to the wreck. Tonight at 9 o'clock the foreign message was received here by C. H. Harvey, Halifax agent of the Canadian Marine and Fisheries Department.  
Coswain Nogle has returned with the wreck of the Puritan. The schooner is hopelessly wrecked. She is full of water and is headed northeast. The vessel is listing heavily to port. "Our men cruised about for several hours but found no sign of the missing men. The weather is very thick. We will send life boat to the wreck again tomorrow."  
The Puritan, a prospective tender in the international fishery men's race next fall struck the bar off the northwest end of the island.  
Hope is still entertained here that the missing men have been lost in the fog and that as soon as it lifts they may be able to make shore.

### NON UNION MINERS STOPPED IN FULTON

(By The Associated Press)  
CANTON, Ill., June 24.—Swooping down, upon the strip mines of Fulton county, automobile loads of union miners, by the mere show of force this afternoon had stopped the work of all non-union coal miners in the county. They gathered quietly this morning at various points throughout the county and visited every mine operating.  
Reports reaching here tonight are that these parties of union miners which numbered nearly a hundred called the non-union workers from their work along with the strip mine operators and appealed to them to cease work.  
With the memory of Herrin in mind and in some cases with an evidence of fright the workers stopped work immediately. Some of them fled, but most stopped immediately. Some of them just quietly laid down their tools. Thousands of tons of coal have been taken from this strip or wagon mines of Fulton county each week and shipped to Chicago and other points.  
Late this afternoon an automobile survey of the county by Fulton reporters was followed by announcement that the coupe of the union forces had absolutely shut off production without a fight of any kind so far as could be learned and no trouble of any kind was anticipated.

### TRANSPORTATION ACT VIOLATED BY FOUR RAILROADS

Farming Work to Outside Firms Covered by Decision

(By The Associated Press)  
CHICAGO, June 24.—Four railroads were found guilty of violations of the transportation act and the orders of the railroad labor board in six decisions covering the contracting of work to outside firms, an issue over which railway shopmen are now taking a strike ballot.  
Three of the four roads were declared to have violated the law in farming out their work while other decisions embraced the maintenance of clerks and freight handlers. The Indiana Harbor Belt, recently declared to be in violation of the transportation act because it had farmed out shop work, led the list of today's list of guilty because the road had leased track repair work to Collinanni and Byer on a five per cent basis.  
Other roads named in today's decisions were the Chicago Great Western; St. Louis, Brownsville & Mexico and the Missouri, Kansas & Texas.  
Reiteration of the board's stand that work contracted to outside firms which pay a lower rate whose working conditions are less favorable than those of the labor board constitutes a violation of the law came on the eve of the shop unions' canvass of their strike vote on the contract question and two others. Ben W. Hooper, chairman of the board issued a statement in which he indicated that the board might take some active step to bring about compliance with its decisions and relieve the grievances of the shopmen so far as their protests against contracting are concerned.  
The three shop cases involved the M. K. & T., on which the shops were closed at Denison, Texas, Sedalia, Mo., and Parsons, Kansas, and announcement made that they had been leased to the A. O. Heckler Company of Cleveland. The board took jurisdiction in this case and the shops were never opened. On the Chicago Great Western the Heckler company contracted to do repair work on the tracks at South St. Paul. The S. L. M. & B. case involved the leasing of passenger car cleaning to a Mexican Padrone, who employed men to do the job after the union car cleaners had been discharged.  
The Chicago Great Western also was involved in cases of leasing maintenance of way work and of contracting freight loading at Oelwein, Iowa, where it is charged that a 10 hour day was instituted and the employees' wages cut. The contract affected freight truckers, clerks, foremen and stevedores.  
Shop union officials declared the decisions could have no effect on strike vote.

### SOLDIER WHOSE MIND IS BLANK IDENTIFIED

(By The Associated Press)  
BLOOMINGTON, Ill., June 24.—With his mind blank since picked up beside the railroad tracks at Houston, Texas, May 3, 1921, an aphasia victim has been identified here as John Celestine Hawkins, an ex-serviceman of Hammond, Wisconsin, according to a message to Chief of Police Jones from William J. Burns, chief of the United States Department of Justice. Hawkins remembered nothing before being in a hospital.  
Paid notes in his pocket caused him to believe that he was Marcus E. Hooley, a soldier. He surrendered to the police here as a deserter from the army, but a telegram found Hooley to be on duty in Texas. Accordingly he was photographed and his finger prints taken and from these his identification has been ascertained.  
He will be taken into military custody the message from the department of justice said.

### SHOOTING IN COLORADO DENVER, Colo., June 24.—Two striking miners were shot in an altercation with Colorado Rangers at Frederick, Colo., a small town in the heart of the Northern Colorado Coal Mine region tonight according to a dispatch to the Denver Post.

### KILLS WIFE THEN ATTEMPTS SUICIDE

PANA, Ill., June 24.—Richard Stevens today waylaid his wife, Susan, and shot her to death when she went to a rural mail box. He then turned the revolver on himself and is not expected to recover.  
WEEK END TRIP  
Washington, June 24.—President Harding left Washington tonight with a party to spend a week-end near Leesburg, Va., at the country home of Edward R. McLean. He is not expected to return until Sunday night.

### MILTON J. FOREMAN RECOMMENDS THAT NO TROOPS BE SENT

Head of Governor's Military Commission Asks That Troops Mobilized be Sent Home—No Good Purpose Could be Served He Says—Situation is Easier at Herrin

(By The Associated Press)  
HERRIN, Ill., June 24.—With the departure of Governor Small's special military commission headed by Major General Milton J. Foreman and the announcement of its recommendation that no troops be sent into Williamson county at the present time and that those national guard units which have been mobilized and held in readiness be ordered home the situation in the coal fields was easier tonight.  
Residents of the county, farmers, mine union officials and business men almost without exception said they believed the recommendation a good one and hoped it would be followed.  
General Foreman in announcing his recommendation said that his mission was clearly defined. It was to determine whether it was necessary or expedient to order state troops into the mine fields at this time that General Foreman, after an investigation which began at four o'clock this morning declared he was satisfied that no good purpose would be served by calling out troops at this time, as he believed the disturbed condition in the county had been permanently relieved and that it would not recur.  
The only reason, he said, which would cause a recurrence would be a renewed attempt to mine coal and this he did not believe would be done. None of the old and established coal companies favored attempting to open the mines at this time, the general said. His conclusions, he said, were based on his observations today when he toured the county and on talks with State's Attorney Duty, Sheriff Thaxton, Coroner McCowen, Hugh Willis, district member for the United Mine Workers and nearly a score of merchants, bankers and mine superintendents here and in Marion. Their opinion the general said was practically unanimous in favor of the course he had recommended.  
General Foreman declared he did not believe that the inquest over the bodies of the Lester mine tragedy victims, scheduled for tomorrow was likely to provoke further disturbance and that he had received the assurances of Mayor Pace that he would be personally responsible for the safety of the wounded non-union men now in the hospital.  
The general and members of the military committee declined to say if they believed civil authorities of the county had done their duty in attempting to cope with the disturbed conditions.  
Conclusions on that question had not been asked of them in their instructions they said.  
Expect Little From Inquest.  
Tomorrow's inquest was expected to end at least for the time being the official investigation of local authorities into the death of the non-union shovel miners and mine guards.  
Persons unknown probably will be officially held accountable for the deaths and it appears highly improbable that the identity of those responsible ever will be made known.  
Southern Illinois is inclined to conclude grimly and with finality another chapter in the long history of strife and violence which has been recurrent here during the past 30 years.  
There is something of the grim privacy of a clan feud about the thing and about the fierce conviction of those who tacitly admit an interest in this struggle that it is their affair and no one's else and interference should legitimately be excluded from "outsiders" or the state.  
The argument as much as there can be said to be one is that the non-union men are dead, slain in the heat of passion in a broil which they and their bosses were responsible for stirring up.  
Perhaps they shouldn't have been killed but anyhow they were and least said soonest mended, and Williamson county has shown conclusively once more that no one can flout the dictates of the workers about when the mines shall work and when they shall stay closed.  
Charges of broken faith on the part of the operators of the Southern Illinois property are reiterated by the miners. "They double crossed us and we showed 'em," is the general attitude.

### WALTER RATHENAU GERMAN FOREIGN MINISTER KILLED

Shot Several Times  
and Hand Grenades  
Are Also Used

(By The Associated Press)  
BERLIN, June 24.—Dr. Walter Rathenau, German foreign minister and more closely identified than any other German with the efforts at the rehabilitation of his country since the war was shot and killed by two or more unknown assassins while on his way from his residence this morning to the foreign office. The minister was subjected to a veritable hail of bullets one striking him in the throat and passing upward to the brain, while others struck him in various parts of the body. Hand grenades also were thrown almost wrecking the car in which Dr. Rathenau was riding and inflicting further injuries on him.  
Chancellor Wirth's government tonight in marshalling the nation's liberal elements to the defense of the young German republic and organized labor, represented in both Socialist parties is again first to buckle on the armor, just as it did during the Kapp revolt. Announcement is made that the government will establish extra ordinary courts for the trial of nationalist plotters and that a state of emergency for Prussia will be proclaimed. All regimental reunions and militaristic demonstrations are to be prohibited. Yet despite vociferous cries of "long live the Republic," which resounded thru the Reichstag chamber at the close of (Continued on Page Four.)

There are a number of men in Jacksonville who complain about unemployment conditions. Yet they are unwilling to work in the country at \$3 per day.

Just because members of the jury at Waukegan could not agree in the arrangements for a fishing trip doesn't seem to have prevented them from being of one mind in the case on trial.

Perhaps it isn't a subject about which there should be much sentiment, but the average man if trying out the gland method of lengthening life would prefer glands other than those of the monkey and goat variety.

J. M. Townsend, well known Washington writer, gives this interesting view on the primary election question. Taking the recent speech of Secy. Weeks as a text, Mr. Townsend indicates that down at Washington there is widespread dissatisfaction with the primary law, and also a decided fear to tackle the question in the effort to bring about reforms that are needed.

"There is no question here among deep thinking observers of the government as to the fact that the popular primary has brought into congress, for instance, not only a lower caliber of statesmen, but that it constitutes a constant menace to the independent thinking and acting congressmen with the ability to rise above mere district considerations in matters of legislation in that they may be put to the expense of a party primary fight in addition to a hard election contest.

"In the event of such a double-barreled contest, no congressman can save enough out of his salary to pay his expenses of living in Washington during his term of office unless he is willing to take a back room in a back street."

## SPRINKLE THE LAWN; KEEP THEM GREEN

The long period of hot dry weather is drying up the grass on many Jacksonville lawns. Why not get the garden hose and the whirling sprays and keep the lawns green?

By the way, pause and think what a wonderful thing it is that such a suggestion can now be given in Jacksonville. Two or three years ago the customary notice was to warn citizens that they must not sprinkle lawns and that the supply of water must be saved in every way because of the drought.

But by the co-operative action of the people in the development of Jacksonville's great and pure water supply, just the opposite condition now prevails. There is plenty of water for all purposes and the consumer can use it without stint.

Talk about advertising Jacksonville! This one outstanding fact will furnish all the advertising that this city needs, if continuous and widespread emphasis is given to that fact. People are looking for cities where the supply of water is ample and pure.

## A REAL EXPLANATION OF THE COAL SITUATION.

One of the sanest views of existing evils in the American coal industry is that found in a recent statement by Director Otis Smith of the U. S. Geological Survey. Summed up, Director Smith said:

"The inflation of this branch of industry has been proved—fully

half a billion dollars of misplaced capital and from 150,000 to 200,000 misplaced men can be found in the soft-coal mines. Deflation is plainly needed, for both operators and mine workers would benefit by operating fewer mines more days in the year, and to the consumer this would mean coal mined at lower cost. The trouble with the nation's coal bill is that it includes too much unemployment and too little productive work; it represents a wasteful use of both capital and labor, and the consumer pays in part for what he doesn't get.

"To make possible the cheaper coal that our American industries need and also the larger earnings that both capital and labor deserve, the coal industry must reform itself. And not the least essential factor in this reform must be the co-operation of labor. From the standpoint of the consumer of anthracite, there is no difference between excessive wages demanded by a labor monopoly and excessive profits demanded by a capital monopoly or excessive royalties demanded by a coal-land monopoly. The coal miner, whether in the anthracite field or the bituminous fields, can not be put in a privileged class any more than the so-called coal baron. The world owes the coal miner a living only as he earns it, but he certainly should have a better chance to earn it—a longer year and a longer day. Lower wages but more pay—less per ton or per day, but more tons and more days in the year—is the equitable way of deflating coal prices.

"The public is suspicious about everything related to the coal business, and the more grudgingly the facts are made known the more suspicious the public becomes. Eventually the facts will be disclosed, whatever the opposition; and indeed the coal industry itself needs these facts as much as the public does, especially at a time of impending short supply."

## GOV. SMALL WINS VINDICATION.

Governor Len Small was acquitted Saturday afternoon by the jury which heard the evidence in the case wherein he was charged with conspiracy to defraud the state of large sums of money. Very few people who have followed the case have held the opinion that a conviction would result.

Many had predicted an acquittal and still many others anticipated a hung jury. It is safe to say that very few people looked for an acquittal in such a very short time after the case was given to the twelve jurors. Quite evidently the men in that jury had made up their minds before retiring to "consider their verdict," that the charges against the governor had not been proven. Otherwise it would have been impossible to have returned a verdict in the brief time that elapsed after the instructions were given and they filed into court with their finding.

The record in the case is said to cover 7,000 typewritten pages. Thousands of exhibits were offered in evidence and the court's instructions to the jurors were of necessity voluminous.

News stories from Waukegan indicate that not more than two ballots were taken, and that probably these ballots were cast without the reading of the instructions or the reconsideration of the documentary evidence in the jurors' hands.

After all, what saner course could twelve men follow, after listening for weary weeks and months to a mass of technical evidence, charges and counter charges, than to quickly act upon the ideas that they had gained as the trial progressed relative to the guilt or innocence of the accused.

The result is a great victory for Gov. Small. The fact that the verdict was so quickly rendered is the more gratifying to him and his friends. A hung jury would have been very dissatisfying to the defense, suggestive of possible guilt and with the prospect of a second long and laborious trial.

It is safe to say that the jurors in this case were influenced by

some evidence that does not appear in the record, the evidence that this trial came as the result of factional political strife. The jury could not overlook the fact that politics was at the bottom of the charges made.

Gov. Small is indeed to be congratulated that the strain of this legal battle is over, and that a jury of twelve men has so quickly declared their belief in his innocence. The venom of the prosecution has often been on view and it will be a distinct blow to the governor's enemies that he has not been branded a law breaker.

## DOWN GO BREAD PRICES

Mother's bread, 9c a loaf; raisin bread, 10c a loaf; butternut holls 25c a dozen. A. & B. BAKERY East State Street

## CLUBS

Jacksonville W. C. T. U., will meet with the president, Mrs. Braund on East College street, Tuesday afternoon at 2:30. All women interested in temperance are invited to attend.

The June meeting of the Ladies' Aid Society of Congregational church will be held with Mrs. J. W. Bowen at the home on Lincoln Avenue Tuesday afternoon June 27th, at four o'clock. Members please note change of time. A lawn party will be given by Mrs. Bowen.

The Standard Bearers of Centenary church will meet Monday evening at the home of Misses Pearl and Eva Mason on South Webster avenue. All members are requested to meet at the south side of the square and take the 6 o'clock car, and each one should bring sandwiches and one other dish. A picnic supper will be enjoyed.

The needle work and hospital committees of Grace church will meet on Wednesday for an all day meeting with Mrs. George E. Baxter at Peace Abode the Baxter country home, seven and one half miles northwest of the city. Picnic dinner at noon. Every member is cordially invited to be present.

The Professional Woman's club of Jacksonville will enjoy a picnic at Nichols Park next Friday night. Misses Ida Maddox and Edith Dawdy are to be the hostesses of the evening. All members are requested to bring their own luncheon and take not later than the six o'clock car from the square. The club contains many of our best known professional and business women.

The Delphian society will meet at 2 o'clock Monday afternoon at the home of Mrs. George S. Rogers, 327 Lockwood Place. A full attendance is desired, as this is the last meeting until the fall season. A picnic supper will be a feature of the gathering.

## FUNERALS

Wilson.

Funeral services for Eugene Wilson were held from the residence on Tendick street Saturday afternoon at 2:30 o'clock in charge of the Rev. W. H. Snowden.

Music was furnished by Mrs. Williams, Mrs. Nettie Meadows, Mrs. Robinson and Miss Bessie Johnson. The flowers were cared for by Mrs. Meadows and Mrs. R. Rivers.

Interment was in Diamond Grove cemetery the bearers being Henry Tandy, Henry Davis, James Mathews, Anderson Mosley, J. L. Morgan and Albert Rivers.

## WITH THE SICK

Miss Frances Claus has returned to her home from Our Saviour's hospital where she was a patient having had her tonsils removed.

Mrs. Lee Mellor of near White Hall underwent a serious operation at Our Saviour's hospital Saturday afternoon. About six inches of bone of one limb between the knee and the ankle was removed. Dr. F. A. Norris performing the operation.

Mrs. Mellor's father, A. T. Story, who underwent an operation at the same hospital recently for appendicitis is improving satisfactorily.

## BIG FARM LAND DEAL CONSUMMATED

Isaac F. Moxon Buys Tract of 347 Acres from R. C. Taylor—Formerly Belonged to J. H. Osborne Estate.

One of the largest real estate deals made in this locality recently became known Saturday. Isaac F. Moxon of West College avenue has purchased from R. C. Taylor, a tract of 347 acres of land lying between Riggston and Merritt. This land for many years was owned by the late J. H. Osborne and it was purchased by Mr. Taylor, Virginia banker, from the Osborne estate.

The soil on most of the acreage is of splendid quality and the improvements are in satisfactory condition. The details of the transaction were not made known but it is understood to have involved about \$79,000. Immediate possession is to be given.

## NOTICE

Cosgriff's Coffee and Waffle Shop now open. 307 W. State street.

## SLIGHT FIRE DAMAGE AT WINCHESTER HOME

Fire Department Called to Residence of Dr. Webster Saturday Morning—Other Winchester News.

Winchester, June 24.—The fire department was called to the residence of Dr. Webster Saturday morning, where a passing train had set fire to the grass. It was feared that the adjoining buildings would catch fire, owing to the extremely dry conditions, but the flames were extinguished before this happened. A very slight damage resulted from the blaze.

Mrs. Emma Steen and niece, Miss Mabel Sage, have purchased the millinery business of Miss Pearl Wilson and have already taken possession of the same.

Ben Watson of St. Louis is a guest of Mr. and Mrs. Orr in Winchester.

A children's day program will be given at the Baptist church on Sunday morning at 10:30 o'clock. Jean Woodall, little daughter of Mr. and Mrs. Robert Woodall has been quite ill but is now improving in a gratifying manner.

Mr. and Mrs. E. L. Dillon and daughter Marian have returned from a visit with relatives in Decatur and Champaign.

The Gardenier Co. gave a free-matinee Saturday afternoon, the entertainment being made possible by the co-operation of merchants. There was a large attendance notwithstanding the extremely hot weather. The company left Saturday night for White Hall after a week's stand here.

There will be a lawn social at St. Mark's rectory Thursday June 29.

Electric fans, \$5.00 and up. BRADY BROS.

## DEATHS

Evans.

Mrs. Julia Evans of White Hall died at Our Saviour's hospital at 12:30 o'clock Saturday afternoon where she came for treatment two weeks ago.

She is survived by two sons and one daughter. The daughter and one son who reside in White Hall were with her when she died. The other son resides in Racine, Wis.

The remains were taken to the undertaking parlors of C. E. Williamson and Son and prepared for burial. They were then sent to White Hall where funeral services will be held Tuesday afternoon.

## Cull.

Mrs. Sarah Cull of Chapin died at Oak Lawn sanatorium at 8:30 o'clock Saturday evening. She had been resident in Chapin for a number of years. The body was taken to the undertaking parlors of C. E. Williamson and Son and prepared for burial. Funeral arrangements will be announced later.

## NOTICE

Cosgriff's Coffee and Waffle Shop now open. 307 W. State street.

Mrs. Harvey Sinks from Waverly is visiting her mother Mrs. Mitchell on South Main street.

James W. Hackenbaum featuring at Associated Bible Student's Class, 206 1/2 East Morgan street Sunday evening at 7:30.

## WEDDINGS

Shade-Waller.

The marriage of Miss Mildred R. Waller and Delbert O'Neal Shade, both of Greenfield, was solemnized in this city at about 5 o'clock Saturday afternoon. Rev. G. W. Randle, pastor of Brooklyn church officiating. The young people were accompanied by Mr. and Mrs. L. H. Manning of Medora.

The bride is a granddaughter of Captain J. A. Waller formerly of this city, and is a graduate of the local high school.

Mr. and Mrs. Shade left last night for Springfield for a brief visit with relatives and later will go to Greenfield to make their home.

Largest assortment of high grade negligee Shirts, right styles, prices right, at FRANK BYRNS Hat Store.

## LITERBERRY

Two young people's classes of the Literberry Baptist Sunday school gave an ice cream social Saturday evening in the church basement. These were the classes taught by Mrs. W. W. Daniels and Mrs. Earl Underbrink. A large crowd was in attendance and quite a goodly sum was realized.

Mr. and Mrs. Orville Crum and Mrs. Frank Ogle and daughter and son were among Jacksonville visitors Saturday.

W. W. Young and son Landis and Fred Henderson and son made a business trip to Jacksonville Saturday.

Swimming Suits for women or men, one dollar up, at FRANK BYRNS Hat Store.

## GOING TO MICHIGAN

Dr. J. G. Ames of Illinois College will leave tomorrow night for Old Mission, Michigan, to spend the summer months. Other members of the family will travel to the northern resort at an early date.

Columbia tape marked Manila rope, the finest rope made that's he kond we sell. Price right too. BRADY BROS.

LICENSED TO MARRY Delbert O'Neal Shade, Greenfield; Mildred R. Waller, Greenfield.

## FATHER CAHILL IS TO LEAVE LOCAL CHURCH

Well Known Assistant Pastor at Our Saviour's Church Signally Honored—Awarded Four Year Graduate Scholarship at Catholic University—Rev. George Hobbs Successor Here.

It has been reported that the Rev. Edward J. Cahill, assistant pastor of the Church of Our Saviour will leave his present position on July 1st. His successor will be Rev. George E. Hobbs, recently ordained to the priesthood in St. Louis. Father Cahill has been honored by the award of a four year graduate scholarship in the Catholic University, Washington, D. C., where he will follow courses in preparation for his Doctor's degree.

This scholarship is one of two founded at this institution by the late Charles L. Rout, who together with his brother was one of the prominent benefactors of Catholic education in this section of the country. The holder of the scholarship is selected from the two hundred priests making up the diocese of Alton.

After finishing his College work Father Cahill followed a four year's course in Theology and kindred subjects at the Kenrick Seminary in St. Louis, where he was ordained to the priesthood in 1917, receiving his appointment immediately afterwards to the Church of Our Saviour, Jacksonville, where he has been stationed since that time. His pleasing personality and his energetic participation in parochial activities have earned him a host of friends both in his own church and outside of it.

Previous to entering the ministry Father Cahill occupied various positions in the business world of Springfield and this experience has been of considerable service to him since taking up his present work. He has made a splendid record especially in organizing and working with the young people and he has been prominent in all civic activities. During the summer Father Cahill expects to travel in the west until the opening of the University in October. His many friends while rejoicing in the honor conferred on him will regret his departure from the city.

Every shirt sold by FRANK BYRNS Hat Store carries a guarantee. Fast color, faultless.

## RACE TRACK NOW IN FINE CONDITION

Work on the race track for the use of the Morgan County Fair association has been practically completed. Scott Green is superintendent of the racing department and has charge of the preparation of the track. L. R. Craig used the road maintainer in which he is interested on the track yesterday and it was put into excellent condition.

## MARY PICKFORD

America's Sweetheart

in her latest production

### 'Through the Back Door'

Best Music Best Ventilation

It's as wholesome as a healthy child and as charming as a burst of glorious sunshine—a picture that will long be remembered in which Miss Pickford brings a message of unusual happiness. It will radiate gladness in others' hearts—bringing forth tears to water the crop of smiles and keep those self-same smiles blooming. An attraction of unusual strength, full of happiness and good cheer, pathetic appeal, sunshine and charm and is just the type of charming picture that you want to see her in; the kind that made her famous brimful of heart interest; intensely effective.

## The Only One

Miss Maupia Ju is China's only woman flier. She learned the game from American fliers and will soon return to the United States to observe progress made in aeronautics.

## AN UNUSUAL FIGHT

That was an unusual animal fight that took place the other day on S. O. Shuff's farm in Indian Creek territory. Two cats, each with a family of four or five kittens, attacked a ground hog. The latter animal was larger than the two cats but they put up such a game fight in defense of their families that the hog was overpowered. Later it was shot by the tenant on Mr. Shuff's farm.

**If you are looking for new things in fishing tackle, call and look over our stock. We are in the market every week picking up new items for fishermen.**

## BRADY BROS.

John W. Groves of Springfield came to Jacksonville Saturday to spend Sunday at the home of his mother.

**Base balls, bats, gloves and mitts. GRAHAM HDW.**

## CHAPIN HOMECOMING WAS INTERESTING EVENT

The Homecoming day at the Chapin Christian church, was an inspiring service. The church members who had a part in the success of the day feel well repaid for their efforts. The hope has been expressed that this Homecoming day be made an annual event. The efforts of Rev. F. M. Crabtree, together with his helpers, were untiring, and the pastor was greatly pleased at the result.

The music was especially good. Miss Edna Hatches sang at the morning service, "Nearer My God to Thee." The subject of "Home" was beautifully treated in the sermon at the morning hour by the pastor.

At the noon hour a basket dinner was served in the basement.

Rev. Cronkite of Lynnville very ably addressed the audience at the afternoon service, and Mrs. R. B. Holliday of Springfield sang, "Hear Us, Oh Father." A male quartette sang a number that every one enjoyed. The words were composed by Miss Isabelle Fox, and were sung to the music of "The Little Brown Church in the Wildwood." During the singing, one could readily recall some of those faithful ones, who have gone on before. The words were as follows:

There's a church on the corner mid the elm trees,  
No lovelier spot do I know,  
There's no place that's so dear to our memory,  
As the church where we as Christians go.

Chorus:  
Come to the church this joyous Sabbathday,  
Oh come from o'er the valley, hill and dell;  
Oh, what joy to our hearts when we all come home  
To the dear old church we all love so well.

Our heart's turn today to those dear loved ones gone,  
Who worshipped here for many many a year;  
There was Wylder, Markham, Agee and a host of others too  
No more we see their kindly faces here.

We remember our faithful pastors one and all,  
There were Cannon, Kellar, Reid so kind and true,  
Then came Underwood, and Cantrell and Hadaway;  
Brother Crabtree, we now look to you.

Chorus:  
Our faithful deacons, Baker Williams, brothers here,  
And Burnham, Bobbit, Shultis as true;  
And Bridgman, Brownlow, Alderson, we love them all,  
And we'll not forget to name our elders too.

Woodward, Coulson, Funk, of them we too, will sing,

And we love our brothers, Hatches, Griffin, Stone, And among them too, comes Burnham, Agee, best of all; Who are leading other souls to heaven and home.

Chorus:  
From this church on the corner mid the elm trees,  
When day fades away into night;  
This Homecoming day will be a memory,  
That will never fade away from sight.

Chorus:  
Rev. O. C. Bolman, district chairman, made an inspiring talk at the evening services, his son, Paul Bolman, assisting in the reading of the Scripture. Rev. Bolman laid emphasis on each one doing his part, and speaking of those in the foreign lands who had given their lives.

Frank Calloway sang a beautiful song, "Anchored," and after a few remarks from Rev. Mr. Crabtree, the audience sang, "God Be With You 'Till We Meet Again."

A special quartette of sixteen members furnished the chorus music the last number was "The Home Land." Mrs. Helene Markham was accompanist. Monte Funk choir leader. Several friends of the church from a distance came to attend the service.

Mrs. Harry Dummer of Los Angeles is the guest of Misses Grace and May Dummer on West College avenue.

Supported by an All-Star Cast, in Washington Irving's Immortal Classic

**"Rip Van Winkle"**

As a novel "Rip Van Winkle" brought joy to millions; as a play it won for itself a place unique in the annals of the stage; and now, upon the silversheet, it is more engrossing than could be possible in book or on stage.

What a wonderful picture it is! In it is everything that made the play and book enduring successes, known and loved by countless millions. You'll find Hendrick Hudson and his ghostly crew; you'll find "Rip" and his shrewish wife; the tiny gnomes with their unending game of bowls.

Too, you'll find scenic settings of rare beauty—interiors of artistic splendor—a cast of gifted players under the guidance of true directorial genius.

Never before has a production crowded so much of humor, drama, beauty and appeal within six reels of celluloid.

Admission, 20c and 10c.

No Tax on Children's Tickets

## WEDNESDAY

Your Favorite

HERBERT RAWLINSON

## WALTER RATHENAU GERMAN FOREIGN MINISTER KILLED

(Continued from Page 1)  
a memorial session to Rathenau today, thoughtful men of all ranks and parties were silently but gravely apprehensive for the nation.

**Situation is Precarious**  
While the heat of assent and partisan feeling has not sufficiently cooled to warrant a sure appraisal of the direction in which the political effect of Rathenau's assassination will spread, yet this much is certain, the government is facing a far more precarious situation than it did when national bullets struck down Erzberger in the black forest 10 months ago.

The emotion which marked the brief addresses of Chancellor Wirth and President Loeb before the reichstag reflected sentiments which were shared by many others, while the rioting of the radicals through what was to have been decorous memorial to the dead foreign minister reflected the feeling of unrelenting vengeance vowed in behalf of the German proletariat.

Never did the reichstag witness such scenes of turbulence and excoriation.

Dr. Karl Helfferich, the Nationalist leader who had attacked Dr. Rathenau in a savage speech in the reichstag yesterday, sat curled up in his seat far to the right of the house. He appeared to be in a depressed and fearful state.

## ONE OF WORLD'S RICHEST MEN IS DEATH'S VICTIM

(Continued from Page One)  
tentatively set for Monday afternoon.

John D. Rockefeller, the man with whom he went into partnership in Cleveland in 1864 last night cancelled a dinner party when William's condition became critical and through the night, from Tarrytown, kept in close touch with doctors and nurses. He reached the bedside a few minutes after the end. With Mr. Rockefeller when he died were many members of his family including his four children.

William Rockefeller, reputed to be one of the world's richest men, was head of the Standard Oil company of New York from the time it was formed until 1911. Although overshadowed by his brother, he nevertheless was regarded in Wall street as one of the keenest men of affairs in his generation. Although no official estimate has been placed on his fortune, he is reputed to have amassed between \$100,000,000 and \$250,000,000. While maintaining many of his directorships, Mr. Rockefeller for the last few years had gradually been shouldering his financial burdens on his two sons. His active participation in business gradually diminished.

## Quick and Reliable Local Service for Bearings

In order that a better service may be had locally on Hyatt, Timken and New Departure bearings, the Bearings Service Company of Detroit, announces the appointment of a local distributor to give bearings service to garage men, repair men and owners of motor cars, trucks and tractors in his vicinity.

Through thirty-three direct branches in the prominent automobile centers of the United States and approximately 1,000 distributors in other main centers, the Bearings Service Company with headquarters at Detroit, Michigan, gives to the motoring public a service which is nationwide.

In the branches are complete stocks of Timken, Hyatt and New Departure bearings, quickly accessible and, in addition, complete detailed engineering records that enable the branches and distributors of the Bearings Service Company to render a reliable and complete service.

## FILIBUSTER ON TARIFF CHARGED

(By The Associated Press)  
WASHINGTON, June 24.—As charges and counter charges of a filibuster on the tariff bill were hurled back and forth across the senate chamber for three hours today, Republican leaders put underway their movement to attempt to invoke the present closure rule operative under a two thirds vote to shutoff debate on the measure. A petition to put the rule into effect was circulated by Senator Curtis, vice-chairman of the Republican senate organization and it had many signers on the majority side during the row as to whether Democrats or Republicans were responsible for the dragging of tariff legislation. It was known that the number of signatures exceeded the 16 necessary.

The controversy as to a filibuster was renewed today after Senator Townsend, Republican charged the Democrats were delaying the bill for political reasons. Senator Simmons, Democratic leader, entered a sharp denial and the discussion then became general with charges from the Democratic side that the Republicans were filibustering their own bill.

## SAYS WE SHOULD NEVER DRINK MILK

LONDON.—(By The A. P.)—“Is there any one subject today upon which doctors agree?” asks a sceptical newspaper commenting on the advice of Dr. Cecil Webb-Johnson, who has said: “Never drink milk; it is an unnatural food save for the young.” Giving his reasons for this revolutionary opinion Dr. Webb-Johnson, a specialist on diet, said to a questioner:

“We are the only animals in the world who drink milk after infancy. The domestic cat, it may be pointed out, drinks milk after it has grown up, but this is purely a domestic habit.”

“The idea has been handed down thru generations that milk is a good thing to drink when you are ill. I think it is the worst thing, and I never allow my patients to have it. It causes constipation, flatulence, a dirty tongue and leads to rheumatism, headaches and tired feelings. Taken in excess it often causes appendicitis.”

“Nature does not intend milk to be taken after the purpose for which it was provided has been fulfilled. I prefer hard food always. Frequently — sometimes habitually — people will go whole days without hard food of any description. That, for one thing, is bad for the teeth. Celery, apples and other things that make you bite should be on the table every day.”

“Nor is milk good for the body in addition to ordinary food. It makes one fat, and a fat person cannot be healthy.”

## AUTHORIZES \$7,500,000 FOR MUSCLE SHOALS

WASHINGTON, June 4.—An appropriation of \$7,500,000 for new construction work on the Wilson dam at Muscle Shoals, Alabama was authorized today by the house and sent to the senate for concurrence. Under a limitation fixed by the house none of the money can be expended prior to October 1 next.

Authorized originally by the senate when it attached a provision to the army bill providing for renewal of work of the day the \$7,500 was made available for that use as soon as the bill was signed by the president. House Republican leaders endeavored to obtain straight cut acceptance of the appropriation as approved by the senate but were defeated by a combination of Democrats and farm bloc Republicans.

## MANY DROWN FOR LACK OF SWIMMING KNOWLEDGE

ST. LOUIS.—More than 7,000 persons drown in the United States annually because of lack of swimming knowledge, it is declared by St. Louis Safety Council which today issued a list of don'ts for bathers and canoeists.

The “don'ts” include the following: “Don't swim on a full stomach. Don't wade into water with arms over your head. Don't cry for help in fun. Don't go in swimming alone unless you are an expert. Don't swim if you have heart trouble. Don't dive without knowledge of the depth of the water.”

## ASSESSED VALUATION SMALLER THIS YEAR

BLOOMINGTON, Ill.—Bloomington and its township has a total assessed valuation of \$13,340,358 in addition to \$200,000 assessed against corporation property, according to City Assessor George W. Grover. The total assessed valuation is \$64,500 less than last year, it is said, to the shrinkage of values in merchandise. Approximately 500 more automobiles were listed this year than last.

## MOLINE SCOUTS GO INTO CAMP

MOLINE, Ill.—Scouts of Moline will go into camp July 6 at Camp Mansur for a period of four weeks, ending August 3. Preliminary preparation, registration and placing of tents, are being made now. Scout officers predict a record enrollment.

Mr. and Mrs. Otis Magnis are visiting at the home of Mr. and Mrs. Herman Freitag on Oak St.

Mrs. M. L. Richard and Mrs. C. H. Bishop of East St. Louis are guests of Mrs. C. L. Mathis on West College avenue.

## JURY FINDS GOVERNOR SMALL NOT GUILTY

(Continued from Page One.)  
and particularly to Waukegan for their kindness and hospitality for their good cheer, their sympathy and understanding of sorrow resulting from this prosecution. In this community I have made friends, that almost make the trying days of the last nine weeks worth while. I do not know what I can ever do to repay them for their many kindnesses.

“I want to thank the men who have managed and controlled the case in my behalf and their assistants and the men who have worked with them during the long trying ordeal of this case. They have labored long into the hours of the night with a loyalty and devotion that I can never forget and aside from all else I want them always to realize my appreciation of their services.”

**LeForger Comments**  
Charles LeForger of Decatur, who conducted the governor's defense, issued a statement commenting on the fact that the case was unique in that the governor decided to present no evidence in his own behalf but to go to the jury on the testimony produced by the state's witnesses.

“He wanted the people,” Mr. LeForger said, “to realize that the verdict of the jury in this case would not be based on an affirmative defense but based upon every fact the state could possibly produce tending to prove his guilt.”

State's Attorney Mortimer of Sangamon county, where the indictments originated said he had nothing to say before the trial or during it and would have nothing to say now.

Mr. Mortimer entered a motion to continue the case of Vernon Curtis, indicted with the governor until the October term of court, and Judge Edwards granted it. It is possible that Mr. Curtis may not be tried.

## No Effect on Civil Suit

CHICAGO, June 24.—The acquittal of Governor Small on a charge of conspiracy will have no effect on the civil suit for the collection of interest on state funds which the state maintains Governor Small has failed to turn over to the state, Attorney General Brundage said when informed of the verdict acquitting the governor.

“The evidence was not even contradicted,” Mr. Brundage added. “Nothing I can say could explain the action of a jury in returning a verdict of not guilty. The verdict will have no effect on the other conspiracy suits against Small's co-defendants.”

## FEELINGS INJURED: ASKS FOR DAMAGES

New York, June 24.—Mrs. Anna Dolan of Cambridge, Mass., who for 57 years has been trying to get the war department to tell her what became of her husband, a private, after he was mustered out at City Point, Va., in 1865, today instituted an equity suit in federal district court to recover damages from the government for injury to her feelings.

## PURPOSE OF LEWIS' VISIT NOT KNOWN

WASHINGTON, June 24.—The purpose of the visit here of President Lewis of the United Mine Workers was unrevealed in government and labor circles tonight. If his coming here is for a conference with the government officials it is believed no action would be taken before Monday because of absence of officials from the city.

## SCHOOL FOR CRIPPLED CHILDREN AT RIVERTON

SPRINGFIELD, Ill.—One of the most unique public schools in Illinois, an institution devoted entirely to the training of crippled children, closed its first year successfully Friday, June 23, at Riverton, Illinois, near here, with a commencement exercise for three graduates.

It is unusual in many ways. The children attend in wheel chairs and some on crutches, but their teacher, Miss Nellie Judd, says they always are cheerful.

The class is composed of 35, all of them, as County Superintendent of Schools, Edgar C. Pruitt expressed it “alive and alert mentally.”

Miss Judd follows the country school curriculum since the school itself is a branch of that division. The teacher's salary is paid by Sangamon county while the remainder of the expense is borne by Bissell township, in which the school is located. Bissell township in turn collects tuition from the counties from which the children are sent and then reimburses Sangamon county.

The school is run in connection with St. John's hospital sanitarium. It is located 18 miles east of the city situated in pleasant territory, with plenty of fresh air.

The three graduates this year were Frank La Sota, DePue, Ill., Alex Aloysius Stanslow, Alta, Ill., and Raymond J. Trauwaen, Rock Island, Ill.

## PINNING HOPES ON THE BROWNS

St. Louis Fans In Frenzy Over Showing of Lee Fohl's Team—Has two good young hurlers

ST. LOUIS, Mo.—St. Louis baseball fans are in a frenzy of Pentecost excitement these days.

At present they are pinning their hopes on Lee Fohl's American League Browns. With Kenneth Williams, the leading home-run slugger of the majors together with George Sisler, leading hitter and base stealer; the leading pitcher, Urban Shocker and a few other satellites of the diamond the outlook is considered very favorable.

Fohl's latest and one of his most valuable assets, on whom the fans here depend for the bunting, is Hubert "Shucks" Pruet, recently a college baseball pitcher. Pruet won a home when he fanned "Babe" Ruth, in his three trips to the plate in the recent series with the Yankees. Elam Vangilder, who first broke into professional baseball with Bloomington club of the Three Eye league, is rounding into form under Fohl's eye. Pruet, like Vangilder is inclined to be a bit wild, and to pitch himself into a hole, but braced enough to slip the pill through the groove with the bags loaded.

Dixie Davis, Dave Danforth of the shine ball fame, Ray Kolp, Billy Bayne and Wright are excellent supports to the pitching staff.

In the outfield Kenneth Williams whose speed has enabled him to add extra bases to ordinary singles and doubles as well as a few stolen bags, is supported by Tobin, Jacobson, and Shorten.

Jacobson and Collins in several instances have proved effective hitters in the pinches.

The recent Yankees and Browns series broke all records for attend-

ance at the local park, more than 75,000 persons witnessing the four games. The attendance record for a single game was also shattered due to the attraction of the two Gollaths of Swat, Ruth and Williams. The record of 29,000 was established during the Brown and Cardinals pre-season exhibition but more than 31,000 saw the Sunday game of June 11 with the Yankees.

Pavilion, box and reserved seats for this series were sold out weeks in advance. The lineup at the bleacher entrance resembled the world's series lines.

The fans are continuing to howl for the Pohlmen to grab the flag, and if they do a new ball park will probably be needed here.

## RARE LACES AT ART INSTITUTE

Collection of Mrs. Edith Rockefeller McCormick is Displayed—Shows Great Artists of Other Centuries Did Not Scorn to Furnish Designs.

CHICAGO, Ill.—A collection of rare and beautiful laces belonging to Mrs. Edith Rockefeller McCormick is on display at the Art Institute of Chicago. The patterns recall the fact that the greatest artists of the fifteenth, sixteenth and seventeenth centuries "did not scorn to furnish designs for the needles and bobbins of the aristocratic leaders who spent their long days in lace-making," says a statement from the institute. "It seems strange to us now that even princesses could have the time and patience to carry out these miracles of skill and beauty," the statement continues.

The collection consists of examples of nearly every sort of early Italian, French, Flemish, and English laces, from the delicate drawn-work, from Sicily, worked on fine linen, now creamy with age, to the famous, fairy-like Punto in Aria of the early seventeenth century, used so extensively in the high wired collars and fastidious cuffs of the nobility of those days. Real lace was not invented until the late fifteenth century, when needle laces came into vogue in Venice.

Some of the laces in Mrs. McCormick's collection belong to the earliest period of lace-making. They are especially remarkable for the size and excellent condition of the pieces, some of which are fifteen feet in length. It is rare that one has the privilege of seeing more than fragments of these priceless old laces, and many of us who have admired them in portraits by Van yck or Rubens have never hoped for so great an opportunity. The laces have been skillfully sewed together in the form of coverlets.

"Rose-point" composes one entire coverlet, and the roses are first woven with the needle, then padded on the edges and worked over with buttonhole stitch, then connected by a delicate ground-work of needle-made mesh. In the lower center of this particular piece of lace sits the pelican, feeding its young with its own blood, symbol of the Eucharist. Because of this design we are led to think that the lace was intended for ecclesiastical use."

Edison \$1.00 Re-Creations have double the music and better music than 75c talking machine records. Make the test yourself and you'll be surprised.

**BRADY BROS.**

**NEGRO FARMERS**

**RAISE CORN**

WASHINGTON.—More than 14,000 negro farmers in North Carolina, Texas, and Virginia who raised 90,000 acres of corn last year under the advice of county agents, employed cooperatively by the Department of Agriculture and state agricultural colleges, obtained average yields of 25 bushels an acre. The average for all farms in these states ranged from 15 to 25 bushels an acre, the department said today.

In Virginia, nearly 5,000 of the negro demonstrators planted pure seed and about 3,000 selected seed for their 1922 crop. All these demonstration plots of corn were harvested except 87 acres which were "hogged down." It is estimated that 70 percent of the negro farmers in Virginia are following methods of growing corn taught by extension workers.

## IS CONGRATULATED ON IMPRISONMENT

Punjab Provincial Conference Takes Such Steps—Also Praises People for Stand Against Restrictions by Government

LATALA, INDIA.—M. K. Gandhi has been congratulated on his conviction by the Punjab Provincial Conference, which at the same time expressed in a second resolution gratification at the stand made by the people of the province during the past few months against the restrictions imposed upon them by the government. The conference declared its firm adherence to the principle of non-violent non-co-operation recommended by three successive sessions of the Indian National Congress as the only means of attaining political freedom in the immediate future, and called upon the people not to depart from the strict observance of non-violence.

Later resolutions called for the establishment of a regularly constituted university to carry out the constructive program of national education which has been adopted, and to direct and control the various national educational activities in the province. The proposed university would open scientific, technical and industrial departments and would be incorporated with the national college already existing at Lahore.

The conference expressed its complete agreement with the Central Khallifat committee and held that the proposals of the Paris conference were unjust and disastrous for the Turks.

The conference was presided over by Mr. K. Santanam. In the course of his presidential address, Mr. Santanam said:

"A careful study of the present situation will convince even the most hostile critic that we have achieved almost or nearly all that we had in view. Hindu-Mohammedan dissensions have been the root cause of our weakness but are nearly non-existent today. We have made rapid strides in sinking our differences and creating that atmosphere of mutual trust and good will without which no common endeavor is possible.

"I do not mean to say that we have done all we wanted to do, but I most certainly maintain that we have advanced so far in this matter that our future is full of promise and there is no room for despondency. It is true, no doubt, that we have not wrested power from the hands of the bureaucracy, but that is only a question of time. If we would only persevere in the same path and with the same zeal, the day would not be far distant when we would have secured full Swaraj."

## TELLS OF DUTY OF NEWSPAPER

KANSAS CITY, Mo.—By The A. P.—If all the Christian people of a community would "stand solidly for the newspaper that is seeking to fulfill the obligations of the press to childhood and youth, it would not be long until their demand would force the other newspapers into following the same course." David T. Jones of the Pittsburgh Leader told the International Sunday School convention here tonight. "I believe the newspapermen of the land are ready to meet their obligations," said Mr. Jones. "Let us awaken a demand for the clean newspaper that is none the less a newspaper because it is clean."

The newspaper's greatest duty to childhood and youth is to lay before them clean reading and to present the moral side of issues. The editorial forces of the land are brainy men and women, and they realize that democracy cannot be kept alive by mere platitudes and Fourth of July orations. They realize that such a government as ours is based upon the brotherhood of man and the fatherhood of God, and that this doctrine contains the spirit of civilization and is the basis of our security.

The newspaper must of necessity fulfill the purpose for which it is printed. It must give the news. The suppression of news will make the world no better, and from personal experience as a magistrate and a newspaperman I know that the violator of the law is more afraid of the publicity his arrest will cause than he is of the fine that is assessed against him."

**FOR SALE**

A. B. APPLEBEE

**WOULD GIVE ENGLISH MUSICAL INSTRUMENTS**

LONDON.—The Federation of British Music Industries has been discussing the best means of starting a boom for British musical instruments. Joseph Riley, of Birmingham, thinks the best way would be to light a high bonfire of old pianos. That, he says, would only be following the excellent example set by the music trade in America. "It would make the finest sort of a display advertisement," he says, "for it would show the country that the old pianos with which we are overstocked are not worth having."

"We could easily collect ten thousand of them," he said in an interview, "and nobody would miss them. Such rubbishy tinkling bundles of discords do incalculable harm to music taste of the public. A child taught on one of them has all his musical instincts outraged and grows up, musically speaking, a sorrow to his perpetually aged parents."

Of Course You've Not Forgotten ELKS PICNIC June 29, Oak Lawn

**MUST HAVE ROOFS THAT ARE FIREPROOF**

NORMAL, Ill.—As a safeguard against future fires of great destructiveness, the city council has passed an ordinance that all buildings to be erected must have fireproof roofs.

# ALCAZAR Kerosene Gas Cook

Square Top Grates

Enamelled Burner Drums

Patented Solid Brass Burner

Closed Back

Large Roomy High Shelf

Convenient End Shelf

Glass Oil Tank

Removable Burner Tray

Cooks and Operates Like a Gas Range  
Makes Gas from Kerosene

Note the features. Really more of a Gas Range than an Oil Stove, is the Alcazar Kerosene Gas Cook. This stove does not burn oil off the wick as does the ordinary oil stove. The Alcazar burner mixes air with the kerosene and makes a gas. You burn the gas, not the oil. The gas makes a powerful blue flame which is concentrated directly on the cooking vessel where it is needed. The heat is not spread and partially lost as with the ordinary Oil or Coal Stove. It

all goes for cooking and baking. This means your cooking done quicker and less oil consumed. Also a cool kitchen in hot weather. Burning gas instead of oil insures a clean, sweet kitchen and a clean stove and pleasant cooking. You'll save money instead of burning it when you have the Alcazar Kerosene Gas Cook. You'll lighten your cooking tasks too and make things easier for yourself. Let us show you this stove. Note how well it is made—"A Beauty," you will say.

# NEWS OF THE SPORT WORLD

## WHISKAWAY AGAIN TAKES MEASURE OF MORVICH AT LATONIA

**Wins Latonia Special in Easy Fashion With in One Fifth of a Second of the Track Record—Thibodaux, Rank Outsider, Second—Favorite Trails Ten Lengths Behind**

LATONIA, Ky., June 24.—Whiskaway, Harry Payne Whitney's great colt, which a week ago gave Morvich the only defeat of his racing career repeated that triumph today when he swept past the wire winner of the \$50,000 special Latonia race for three year olds before a record breaking crowd of 50,000 persons.

The chestnut son of Whisk Broom II, defeated the best field the nation could send against him in what probably was the greatest race for three year olds staged in a decade.

Thibodaux a rank outsider in the betting and a Kentucky bred horse finished second in a driving finish which Whiskaway crossing the wire a half length behind the winner. Morvich was third ten lengths behind Whiskaway. Pillory winner of the \$50,000 Preakness stakes was fourth and Deadlock was fifth. The mile and a quarter was run in 2:02 4-5 which is within one fifth of a second of the track record. A \$2 ticket in the pari mutuels paid the surprising good odds of \$11.10 to win on Whiskaway; \$7.10 to place and \$4.30 to show.

## CARDS MAKE FOUR HOMERS BUT LOSE GAME

Errors at Critical Times Give Cubs Victory—Hornsbys Hits Sixteenth Homer.

St. Louis, Mo., June 24.—Errors by the Cardinals allowed the Cubs to win a slugfest 10 to 9 today and make it two straight over St. Louis. Five home runs were made the Cardinals hitting four and Hornsbys hit his sixteenth homer.

The score: St. Louis, Mo., June 24.—Errors by the Cardinals allowed the Cubs to win a slugfest 10 to 9 today and make it two straight over St. Louis. Five home runs were made the Cardinals hitting four and Hornsbys hit his sixteenth homer.

The score: Chicago, AB. R. H. O. A. E. Stats, cf. 5 1 0 2 0 1 Hollocher, ss. 4 1 2 2 4 0 Krug, 3b. 4 1 1 1 1 0 Grimes, 1b. 5 1 3 9 0 0 Heathcote, rf. 4 0 0 5 0 0 Miller, lf. 4 2 2 3 0 0 Terry, 2b. 5 1 2 3 2 0 Wirtz, c. 3 1 1 2 0 0 Jones, p. 1 0 0 0 1 0 Kaufmann, p. 2 0 0 0 1 0 Alexander, p. 2 0 0 0 0 0

Down the stretch came the charging thoroughbreds. Past the grandstand they swept with Morvich leading by a length and a half in front of the Whitney entry with the other three contenders bunched about four lengths back.

Around the first turn Jockey Pennina on Whiskaway began to ply the whip to keep his charge within reaching distance of the flying Morvich. Meanwhile Thibodaux the outsider moved away from Pillory and Deadlock in his flight to catch the leaders. Going down the back stretch Whiskaway began to reduce Morvich's lead and challenge for the commanding position. He closed in on Morvich at the half mile post while the crowd watched anxiously and with Jockey Fenman plying the whip shot out in front.

The outstripping of Morvich caused a near hysteria. In the stretch it was plain that Morvich was beaten and Jockey Keogh evidently eased up a bit when he saw that the Kentucky derby winner was out of it. Whiskaway and Thibodaux engaged in a whipping finish and as the son of Whisk Broom II flashed under the wire the winner, the 50,000 spectators with their hearts throbbing to the tune of the horses' hoof beats screamed the name of Whiskaway at the top of their voices.

Benjamin Block owner of Morvich broke down and cried when his great racer pulled up third. He was dripping wet from nervous excitement as the horses charged to the finish and he sank into his chair crushed. He did not forget he was a sportsman for he applauded the winner and had no excuse to offer.

Whether Morvich will race in the Latonia derby next Saturday was doubtful tonight.

Governor Morrow presented James Rowe, trainer of Whiskaway, with a \$2,000 gold cup in the presence of notable officials. He paid a glowing tribute to the winner and to the thoroughbred horse. The race was worth \$42,550 to the winner, while \$6,000 went to second place and \$3,000 to third.

## WORLD'S RECORD IN WOMAN'S RELAY RACE

NEW YORK, June 24.—A new world's record of four minutes 38 5-seconds for the 400 yard women's relay was established today by the women's swimming association team of New York in the National A. A. U. championship event in Brighton Beach pool. The former record was 4 minutes 49 seconds, made last year by the woman's swimming association quartet.

## HARVARD WON FREE HITTING GAME

CAMBRIDGE, Mass., June 24.—In a free hitting game today Harvard evened the series with Yale by defeating the Blue 8 to 7. Both teams were strong on attack. The third game will be played at the Polo Grounds, New York, Monday.

## WILL DEFEND CHALLENGE CUP

DULUTH, Minn.—Regardless of how he fares in the Diamond Sculls event of the English Henley June 30, Walter Hoover of Duluth, world's single sculling champion, will defend the Philadelphia gold challenge cup here on Labor Day. The rowing committee of the Duluth Boat Club made this announcement today.

Hoover won the gold challenge cup at Philadelphia June 5.

The rowing committee also announced that Hoover would not defend the cup at the national regatta at Philadelphia in August.

Fired with a new enthusiasm since their club mate gained the premier sculling honors, oarsmen at the Duluth Boat Club are working to overcome the handicap received in the first event of the season when they were defeated by crews representing the university of Manitoba here on Memorial Day.

The decisive defeat resulted in a general shakeup of the crews. The senior eight which was scratched in that race because of the illness of two of its members, has been recognized from the intermediate eight. Youngsters from the several junior eights are being drafted to the intermediate eight. Youngsters from the several junior eights are being drafted to the intermediate eight.

Coaches assert the early season defeat was a good thing because the weakness of the various crews were revealed, allowing the Northwestern-International and national regattas to be held in July and August.

## WILL DRAW FOR PLACES IN TENNIS TOURNAMENT

PHILADELPHIA, Pa., June 24.—Sixty-seven players wearing the colors of 26 colleges and universities will draw for places tomorrow night in the annual intercollegiate tennis championships which began Monday at the Merion Cricket club. Most of the entries came from the east and New England but California with two teams, Texas, Georgia, Illinois, Chicago, Washington and Wisconsin will have teams here. It is the most representative field in the annals of the tournament.

## BROWNS HIT HARD AND DEFEAT DETROIT

Williams Hits Nineteenth Home Run—Cobb Has Brain Storm In Seventh In Changing Batters

Detroit, Mich., June 24.—St. Louis batted hard today and defeated Detroit, 13-4. Williams hit his 19th home run in the third inning with two runners on base. In the seventh Manager Cobb sent in Plagstad to hit for Cobb, then with two strikes on the batter substituted Haney as the hitter. The latter took one strike and was out.

## Advice to Beginners In Swimming

CLEVELAND, O.—The watchword for the beginner in swimming is "Take it slow." The amateur should proceed with his water lessons in easy stages, giving the heart, lungs and internal organs a chance to strengthen, resting when fatigue and later gradually increasing the pace and distance.

This is the advice of Coach H. S. Ulen, instructor in swimming at the Central Y. M. C. A. Coach Ulen divides the teaching of swimming into what he calls the old and the new methods, the latter he says, being superior.

The ancient stroke was the breast stroke; later came the side stroke, single overarm, double overarm, Trudgeon stroke, Australian crawl and now the American crawl stroke. Each, Coach Ulen, says, has developed some improvement, and although at first usually an innovation by racing swimmers, has gradually demonstrated a practical value and has been taken up by the rank and file of watermen.

The easiest strokes to learn, says Coach Ulen, are the trudgeon, the Trudgeon crawl and the Crawl stroke. The movements in the early stages resemble the dog-paddle, which most children generally follow when first taking to water unttaught.

A little land drill is a useful and necessary preliminary to getting the beginners feet wet, according to Coach Ulen. Bend at the waist the upper body is in a level with the swimming plane and then rotate the arms in imitation of a windmill, only in a more relaxed condition. The arm movements should be continuous, each arm moving backward from the hip, swinging back and up, slightly overhead, sweeping forward and down to the starting position. The movements should be alternate, one hand brushing the hip as the other passes the head.

The next step is to wade into water waist deep, place the hands on hips and slowly submerge up and down with the eyes open. Then keep a standing position and practice breathing. Take a small intake of air through the mouth deep into the stomach. Slowly crouch and submerge and then gradually blow the air out thru the mouth into the water with puckered lips as in whistling. This should be practiced at least a dozen times.

The novice aquarman is then ready to strap on the water wings and get his initial ducking.

## BOSTON TAKES TWO GAMES FROM YANKEES

BOSTON, June 24.—Boston took both games from New York today making it four straight from the league champions, the first game 12 to 7 and the second 5 to 2. In the first game the Yanks knocked their former teammate, Warren Collins out of the box in the first inning. Bush, who last year pitched for Boston was tested in a pitching duel by Percy Everett, who pitched for New York in the second game.

Scott participated in his 900th consecutive big league game by playing in the second contest. In this game Walters injured his leg sliding into second and had to be carried from the field.

## MULLIGAN FEATURES WHITE SOX WIN

Great All Round Work Enables Sox to Take Third Straight From Cleveland—Ends Enemy Rally In Eighth By Starting Fast Double Play.

Chicago, June 24.—Mulligan's great all around playing today enabled Chicago to make it three in a row from Cleveland, 6 to 4. Both on the attack and the defense Mulligan was the star. He hit a double in the fifth which sent in two runs and gave his mates the lead and his triple in the eighth broke a tie and gave the White Sox the winning margin. With one down and a runner on second in the eighth Mulligan took Wood's sharp grounder and chased Sewell back to second base, and like a flash threw to Sheely in time to get Wood. Sewell dashed for third but Sheely's throw to Johnson beat him for a double play, retiring the side and ending the rally.

"Chick" Evans, present western champion, will defend his title against an array including nearly all of the strongest golfers of the country that are eligible.

## NEW MANAGER FOR DENVER CLUB

DENVER, Colo. June 24.—President Al Price announced today that he had engaged William Rodgers as the new manager of the Denver Western League team. Rodgers has managed the Sacramento and Portland teams of the Pacific Coast League and succeeded Joe Dunn here.

## MRS. MALLORY DEFEATED ROHAMPTON, England, June 24.—Mrs. Mollie Hurst Mollory, American la. tennis champion, was defeated today by Mrs. Beamish in the finals of the woman's singles of the invitation tournament 1-6; 8-6; 6-3.

## HEILMAN PROMISES TO GIVE SISLER BATTLE FOR HITTING HONORS

CHICAGO, June 24.—Harry Heilmann, the great slugger of Detroit, whose batting in the last two weeks had been a big factor in the winning streak of the Tigers, promises to give George Sisler, the star of the St. Louis Browns, a battle for the batting leadership of the American League. Heilmann, a week ago, was hitting .351, but according to the averages released today, he has shown a gain of thirty-one points, and is right on the heels of Tris Speaker of Cleveland, who is the runner-up to Sisler with an average of .387. Sisler continues to top the list with a mark of .434. The averages include games of Wednesday.

The St. Louis idol also is far in front among the base stealers, having stolen twenty-six. Sisler also increased his lead in runs scored to 58, his total hits to 112 and total base mark to 167.

Kenneth Williams, a teammate, increased his lead among the Kings of Swat, by smashing out three home runs and bringing his string to 18.

Other leading batters for 40 or more games: O'Neill, Cleveland .377; Cobb, Detroit, .369; Blue Detroit .366; Witt, New York .365; Ed. Miller, Philadelphia .359; Schang, New York .359; Bassler, Detroit .337; McManus, St. Louis .333.

National League. Practically no changes resulted among the leading batters of the National League within the last week. Rogers Hornsby, St. Louis premier second sacker, bagged another home run, and brought his total to 15. Besides his homers, he has cracked out sixteen doubles and three triples. His batting average is .397. B. Griffith of Brooklyn, continues to be the runner-up with an average of .383, while Hank Gowdy, the Boston catcher, is next with .375.

Max Carey, the fleet footed outfielder of the Pirates, broke the triple tie shared a week ago with Hornsby and Young of New York for stolen bases, by pilfering three sacks. He is showing the way with 14 thefts.

Other leading batters for 40 or more games: Bigbee, Pittsburgh .365; T. Griffith, Brooklyn .361; Grimes, Chicago .359; Kelly, New York .357; J. Johnston, Brooklyn .353; Daubert, Cincinnati .347; S. Smith, St. Louis .339; Bancroft, New York .338.

American Association. As a result of connecting with thirteen hits in his last six games, Myatt of Milwaukee climbed back into the lead in the race for the batting leadership of the American Association. The averages today show him batting .408, with Brown of Indianapolis in second place with .387. Brown was seventh in the list a week ago, but he started on a batting rampage that netted him sixteen hits in seven games. The averages include games of Wednesday.

"Red" Russel, the Minneapolis veteran, is threatening the home run performance of Bunny Brief of Kansas City, who is leading the race with fourteen. Russel has crashed thirteen homers. Kruger of Indianapolis has connected with ten.

In base stealing, Haas of St. Paul continues to show his heels to his rivals with a total of 12 thefts.

Other leading batters for 40 or more games: Kirke, Louisville .380; Lamar, Toledo .373; Krueger, Indianapolis .366; Hendry, St. Paul .364; Lear, Milwaukee .362; Becker, Kansas City .362; Gossett, Milwaukee .359; Haas, St. Paul .348; Russel, Minneapolis .346.

Southern Association. Tucker of New Orleans threatens to dislodge Schulte of Mobile from the batting leadership of the Southern Association. Tucker jumped from fourth to second place for an average of .372, by driving out eleven hits in his last six games. Schultz is leading the van with an average of .354. The figures include games of Tuesday.

The scramble for home run hitting honors remains unchanged with Barrett of Little Rock setting the pace with seven. Connolly, also of Little Rock, and Harper of Birmingham are next in line with six.

Henry of New Orleans continues to blaze the trail for the base stealers with 23. Stewart of Birmingham is following with 21, while Silva, also of Birmingham, is third with nineteen.

Other leading batters for 40 or more games: McMillan, Memphis .358; Lapan, Little Rock .349; Jackson, Little Rock .335; Camp, Memphis .332; Connolly, Little Rock .329; Niehoff, Mobile .329; Silva, Birmingham .328; McLarry, Memphis .325.

Western League. With an average of .415, Fisher of the leading St. Joseph club is showing the way to the batters of the Western League, with Carl East of Wichita second with .399 according to figures which include games of Tuesday.

Davis and Bennett of Tulsa are running neck and neck in the race for home run hitting, with Davis out in front with fourteen. Bennett has slammed out thirteen. Hemingway of Sioux City is the class of the league in base stealing. He has stolen twenty, while Elsh, a teammate, is his closest rival with fourteen.

Other leading batters for 40 or more games: Elsh, Sioux City .384; Bennett, Tulsa .381; Manush, Omaha .381; Grantham, Omaha .378; Long, Denver .373; Davis, Tulsa .369; Defate, St. Joseph .361; Gorman, Des Moines .353; Berger, Wichita .355.

## HEILMAN PROMISES TO GIVE SISLER BATTLE FOR HITTING HONORS

**Detroit Slugger Has Climbed from 351 to 382 in the Last Week—Is Right at the Heels of Tris Speaker, Runnerup—Hornsby Leads National League by Big Margin**

CHICAGO, June 24.—Harry Heilmann, the great slugger of Detroit, whose batting in the last two weeks had been a big factor in the winning streak of the Tigers, promises to give George Sisler, the star of the St. Louis Browns, a battle for the batting leadership of the American League. ## Robbing Solomon of His Job

New York police are fingerprinting all babies born in lying-in hospitals to prevent mixing and substitution. Here's a group undergoing the ordeal.

## MANY BRIDLE PATHS IN LARGE CITIES

Chicago Has Approximately 200 Miles of Them—Other Also Well Fixed for Riders.

CHICAGO.—(By The Associated Press.)—In what has been termed a horseless age more than 51 miles of bridle paths are in use in thirteen of the leading American cities and their vicinity, according to figures of the Horse Association of America. Chicago leads with approximately 200 miles; Boston has 100; Washington's trails are in the first rank in quality. Eight of the leading cities have forty-three riding schools. Horse shows are springing up in all parts of the country, especially in the neighborhood of summer resorts.

The Devon Horse show held recently near Philadelphia had an attendance of 20,000 and the crowds even over-ran the polo fields.

The Association says that bridle trails have been made thru Forest Preserves near Chicago. These preserves cover more than 23,000 acres; Boston's trails lead thru the country and the forest reservations. There are seven riding schools in the city and seven more in the suburbs.

Every Sunday afternoon from 200 to 500 riders use the trails which cover more than seventy-five miles in Rock Creek Park, District of Columbia. Jumps in this park were laid out by President Roosevelt during his administration. Washington has eight miles of paths in Potomac Park

and around the Speedway. Efforts are now being made to link Rock Creek Park to Potomac Park by a bridle trail along the Potomac River.

Six miles of bridle paths in Central Park, New York, are heavily crowded on Saturday afternoon and Sunday, and it is said that riders using the two miles of paths in Riverside Drive are occasionally forced out on the asphalt with the motorists. Van Cortlandt Park has six miles which lead out of New York into many miles of country roads suitable for horseback riding.

Brooklyn's bridle trails total thirty miles; Prospect Park is used by an average of 400 riders.

Metors are excluded from Wissahickon Park at Philadelphia where there are twelve miles of bridle trails. There are eighteen miles of good riding in Fairmount Park at the same city, and numerous clubs near by maintain polo fields and steeple chase courses, the statement notes.

The riding census on San Francisco is reported as exceptionally large. There are four riding schools there, and six miles of paths in Golden Gate Park besides facilities in the way of mountain trails and beach riding. Here are many routes suitable for horseback riding near Los Angeles.

Minneapolis, Minn., has fourteen miles of bridle paths; Baltimore, Md., seven; Buffalo, N. Y., three or four; St. Paul, Minn., four; and St. Louis, Mo., fifteen or sixteen. Interest is developing in Detroit, Mich., where although there are no definite bridle paths but where dirt and gravel roads somewhat avoided by motorists are available.

Plans are under way to develop a large riding club at Cleveland, O. A Buffalo Riding club is building a clubhouse and a show ground, with stables for 100 horses; another Buffalo club already accommodates approximately 100 horses.

## FRENCH DESERTER IS UNDER ARREST

Geneva.—(By The Associated Press.)—A wealthy Frenchman, F. Bertrand, described as a deserter, has been arrested here at a moment when he had practically one foot on either side of the Swiss and French frontier line, in a cafe that straddles the border. The cafe is in the village of Saint Julian on the international boundary. Part of the building is in Switzerland and part in France.

Early in the war Bertrand settled in Geneva, his accusers aver, he made a large fortune trading with Germany. He bought a villa and several automobiles and led a life of pleasure. He said he was more German than French, and took pleasure in speaking against France, particularly in the cafe at St. Julian, where safe on Swiss territory in one of the drizzling rooms, he could be overheard and even seen by the French police in the rooms on the French side. There the French listened to his annoying talk but, unable to catch him on the French side, they could not arrest him. Bertrand boasted that—when there were no police about—he could enter France and return without a passport.

Bertrand after dining well, crossed the border by going from the rooms on Swiss side to that on the French side to greet some friends. At the instant he passed the line into France he was pounced upon by two French gendarmes. He put up a fight, but was quickly subdued, handcuffed, and carried away.

## BIG TASK HANDLED BY 150 AMERICANS

Direct Feeding of 10,000,000 People in Russia—Accomplish Much Despite Handicaps.

NEW YORK, June 22.—(By The Associated Press.)—How a band of 150 Americans is able to direct the feeding of nearly 10,000,000 starving Russians is detailed in advices received from Moscow by the American Relief Administration.

The organization is similar to the Army Supply system. Headquarters are in Moscow, which corresponds geographically to Chicago. Ten divisions, executive, administrative, supply, traffic, liaison, communications, medical, finance, motor transport, and special investigation, operate from this point. 47 Americans comprising the staffs.

The entire American personnel is distributed into 24 districts, each district, save four, railroad centers, being in charge of a supervisor responsible to headquarters at Moscow. These groups serve an area of nearly 4,000,000 square miles, larger than the United States.

Districts adjacent to the Volga Valley, the heart of the famine region, receive the greatest attention. From Kazan, the seat of the government of the Tartar Republic, south to Astrakhan at the mouth of the river on the Caspian Sea, every rail head on the Volga is manned by American units. Here 60 men supervise the feeding of more than 5,000,000 people.

In the Ukraine and the Crimea, the five strategic points of Kiev, Kharkov, Odessa, Ekaterinoslav and Theodosia are the bases of operations from which 27 Americans direct child-feeding and food remittance deliveries.

Refugee kitchens and stations for food remittance are operating at Vitebsk, Minsk, and Gomel, providing for the district west of Moscow to the Polish border. Beyond the famine zone on the upper Volga, Americans are in charge of transfer warehouses at two points, and also at two intermediate points between Moscow and Volga. Corn is shipped directly thru these centers for transshipment to famine centers.

Thus every thickly-populated center of Russia is covered. Moscow and Petrograd have independent supervision of child-feeding and food remittance. In each about 35,000 children are fed.

This gigantic task is being accomplished in a land—where telegrams take two or three days in transmission—where messages must be translated, transmitted, then re-translated to English.

Where, thru misunderstandings in punctuation, messages like this are received, "cars numbered 601328709134889 NFX have left today for Samara."

—Where one is advised to take a train on Tuesday and therefore prepares to go to the station along about the following Thursday.

—Where journeys of ordinary length, a thousand miles or so, are spoken of as "five or six days away." (The Twentieth Century Limited does it in 24 hours).

—Where the traveller covering 2,000 miles must cook his own food and wash his own clothes while he rides.

Yet, with such handicaps, the Administration has succeeded in moving nearly 200,000 tons of corn from seaports to interior districts in shipping daily 3,000 tons of food from Moscow; in sending out 2,500 food packages daily to the districts; and in equipping 1,400 hospitals with all the necessities of such institutions, including 500,000 sheets and an equal number of blankets.

Refrigerators are going fast these days. Our prices are right and they will save money in ice. Prices range from ten to forty dollars.

BRADY BROS.

## AIR MAIL SERVICE IS INAUGURATED

Cairo, Egypt.—(By The A. P.)—The inauguration of an "Air Mail Service" between Cairo and Baghdad and between the latter city and Karachi, giving a thru India-Egypt service, is making Egypt the center of England's imperial air communications just as the Suez Canal has been in the past the center of Britain's sea-ways.

It is understood that the next step, England to Egypt, soon will be taken. This will give thru air service from England to India.

There is also a rumor that owing to the widespread dissatisfaction prevailing in both England and Egypt with regard to the post office, a service of flying boats between Alexandria and Brindisi will be inaugurated, the mails being taken by rail between Brindisi and Paris and again by air between Paris and London.

Is your bed room hot and stuffy? Why not order a \$5.00 electric fan of Brady Bros. and sleep cool and contented?

WILL GO TO MICHIGAN

Misses Louise Struck and Alice Bray will leave tomorrow for Chicago for a brief visit at the home of Miss Struck's sister, Mrs. Harry McLaughlin. From there they will go to Macatawa, Mich., to remain during the summer months.

## KING TRYING TO CUT DOWN EXPENSES

London.—(By The A. P.)—Like many other well-to-do people the King is doing his best to cut down expenses in these days, and he is not too proud to let his faithful and loyal subjects know it. He considers that thereby he is setting them a good example.

In order to effect economies he has decided to close the Royal Laundry at Richmond which was opened in the days of Queen Victoria. It is here all the washing has since been done for the household. The work is henceforth to be given to a laundry company which will take over the whole of the employees of the royal laundry, numbering 24, so that they may not lose anything by the change. This also is by the King's directions, it is said.

Fruit jars, all kinds; rubbers, tops, preserving kettles, fruit jar funnels, in fact everything delivered at your call. BRADY BROS.

## FRONT DRIVEWAY AT SCHOOL FOR DEAF

Much Needed Improvement Will be Made This Summer at the Institution.

One of the important items in the improvement program proposed of Col. C. Smith, managing officer of the School for the Deaf for this institution, this summer includes a driveway to the front door. It is understood that construction work is to begin very soon.

This approach will be from Webster avenue, adjacent to the present sidewalk that leads from the street to the front door of the main building. The driveway will be artistic in design and construction and will furnish a convenience that has long been needed.

Visitors to the institution who travel in cars have in the past been compelled either to leave their cars on Webster avenue and walk several hundred yards, or park their cars in the space near the boiler house and approach the building thru a rear door.

The driveway as proposed will add to the appearance of the grounds and be a matter of convenience both to the general public and to those associated with the work of the school.

## CLUBS AND SOCIETY

Entertained Resident Members of Agora Society. Miss Ruth Irving, entertained at her home on Grove street, last evening with a 6 o'clock dinner. This was for the members of the Agora society of Illinois college who are still in town. The evening was spent in a very delightful way.

## Centenary Women Begin Chain Parties.

Mrs. Howard Pattillo entertained ten members of the Woman's Foreign Missionary Society of Centenary church Friday afternoon at a "Chain Party" at her home, 444 Clay avenue. This is the first to be given, each member invited to give a party and invite ten friends.

Mrs. Naylor and Mrs. Charles Hankins won the prizes for the contests.

At the close of the afternoon cooling refreshments were served.

## Miss Pauk to Wed Mr. Edwards.

Announcement has been made of the approaching marriage of Miss Ethel Emma Pauk to Mr. George D. Edwards. The ceremony will take place on Tuesday the 27th of June at 7:30 p. m.

Miss Pauk has been employed as bookkeeper at the Illinois Telephone Company. Mr. Edwards is a prominent young business man of Evanston.

They will be at home after October 1st in Evanston.

## Bridge Party at Shanahan Home.

Mrs. M. D. Shanahan entertained a number of friends at bridge Saturday afternoon at her home, 330 East College avenue. Several hours were spent very pleasantly and before the guests departed attractive refreshments were served.

Among the out of town guests were Mrs. John Groves, Springfield; Mrs. Earl Harmon of Holland, Mich., and Mrs. T. C. Mustain of Omaha, Nebr.

## Mrs. Anna Tholen Celebrates Birthday.

One of the older residents of the city is Mrs. Anna Tholen of 1430 West Lafayette avenue, who yesterday celebrated the eighty-fifth anniversary of her birth. The event was quietly observed, many of the friends of Mrs. Tholen calling upon her during the day. A post card shower was one of the features which made the day memorable for Mrs. Tholen.

Mrs. Tholen has lived in this county for the past sixty-seven years and is one of the best known residents. She is in excellent health for one of her years, but because of lameness is compelled to use a crutch. She makes her home with her daughters, Misses Maggie and Mary Tholen and is counted as one of the best residents of Jacksonville.

Francis Ellsworth Burdick, a great grandson whose home is in Pike county, was among those who attended the anniversary celebration.

## House Party Given By Miss Helen Dumas.

Miss Helen Dumas of North Fayette street is entertaining a number of girls at a house party at her home on North Fayette street. The girls arrived in the city Saturday evening and are well pleased with the city of Jacksonville. Those present are Misses Mary and Viola Wheeler, Dorothy Freeman, Mary Hoyt, Mary Stoddard, Adelaide Sooy, of Carlinville, Mrs. Zelma Dovenmeyer of Shipman, Ill.

## Fishing tackle that gets the fish. GRAHAM HDW.

## AVIATORS IN LESS DANGER THAN SOLDIERS

(By the A. P.)—There was less danger of death in the late war officers who fought in the air than to those who combated on the earth. French statistics show that 29 per cent of infantry officers were killed, while only 21 per cent of aviation officers lost their lives. The fatalities among officers in general, as compared to enlisted men in all branches were nearly equal, being 19 per cent for the former and 18.5 per cent for the latter.

The percentage of losses by age show that the 20 year old soldiers, both officers and men, suffered the most.

Here the death list was 29.2 per cent, while men from 45 to 50 years old lost in killed between 3 per cent and 5 per cent of their numbers.

## HIGH SCHOOL INSTRUCTOR SEEKS HOUSE TO RENT

M. R. May of Milwaukee, Wis., who has recently been appointed instructor of manual training in the Jacksonville high school, has been in the city in recent days making arrangements for removal of his family to Jacksonville.

Mr. May comes to the local school with the highest recommendations and an excellent record. It is Mr. May's intention to bring his family here as soon as he is able to lease a suitable home.

## WILL TAKE POSITION IN CHICAGO

Uriel Gouveia left last night for Chicago, where he will spend a brief vacation period and then take a position. Mr. Gouveia has unusual musical ability and is expected to find some time for musical study.

## Fred Jewsbury and A. W. Jewsbury of Lynnvill were in the city Saturday.

Miss Marion Kenyon of north of the city was a Saturday visitor

## PLAN OUTING FOR SIXTY CHILDREN

Social Service League Leads in Project to Send Needy Boys and Girls to Mercedia Club House For a Week.

## VACATION FUND

Purpose—Send sixty boys and girls on week's outing.

Cost—Five dollars per child.

FUNDS—Already subscribed, \$135.

Needed, \$165; subscriptions to fund can be left at Courier or Journal offices or with M. C. Hook.

The Social Service League has undertaken the laudible task of sending sixty children to the Rotary club cottage at Mercedia for a week's outing. According to the plans thirty boys will have the use of the cottage the last week in July and thirty girls the first week in August.

The total cost for such an outing will average \$5 per person, so that a total sum of \$300 is necessary. Thus far there have been volunteer contributions of \$135 toward the cause and \$165 is still to be raised.

The same plan was tried out last year, with excellent results, the boys and girls who were sent to the cottage thoroughly enjoying their vacation outing which would otherwise not have been possible for them.

The boys and girls to be selected for the trip do not belong to any organization which would otherwise make the outing possible. They are boys and girls whose parents, if they have them, cannot afford even the moderate expenditure necessary.

If you want to help along with this fine plan you can leave your subscription, whatever it may be, at either the Courier or Journal office. If this is not convenient, telephone to M. C. Hook, chairman of the committee, and someone will call for your subscription.

The girls in their camp week will be under the supervision of Miss Anne Fowler and assistants, and the boys will have the direction of a scoutmaster or other competent leader. The committee in charge of the enterprise hopes subscriptions will be promptly made so that the plans for the outing can be speedily completed.

## DEADLOCK ON JUDGES BROKEN

(By The Associated Press) WASHINGTON, June 24.—The deadlock on the bill to create a score or more of federal judges was broken today by agreement of the senate and house conferees to give an additional federal judge to the New Jersey, New Mexico, Eastern Illinois, district and the middle Tennessee districts. The senate provision for an additional judge for Georgia was stricken from the bill.

Twenty-four federal district judges and one circuit judge in the fourth circuit would be authorized under the conference agreement, which soon will be presented to the senate and house.

In addition to New Jersey, New Mexico and the middle Tennessee and Eastern Illinois districts the bill authorizes also additional judges in districts in which the senate and house bill were in agreement: Northern Illinois, Minnesota, Eastern Missouri and Western Missouri, one.

The conferees struck out the original house provisions for what was termed a "flying squadron" of judges at large but retained the senate substitute authorizing courts to transfer district judges to duty with their respective circuits.

Retained also in the bill are provisions for annual conferences in Washington between supreme court judges and circuit judges, to discuss the judicial administration situation throughout the country.

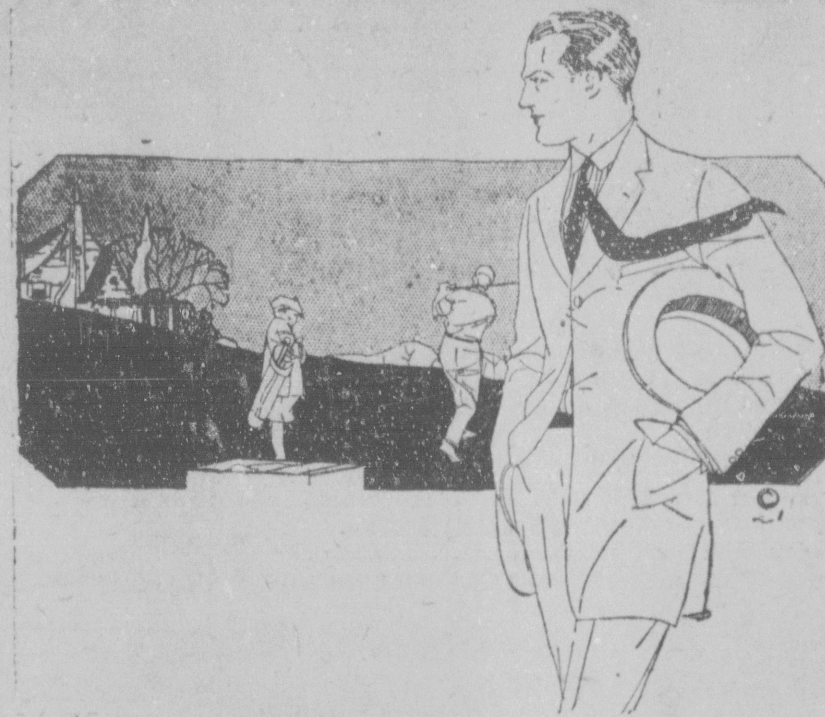

Hay forks, barley forks, hay carriers, pulleys—everything for hay work at Brady Bros. The best goods at the right price. Call and let us show you or phone your order.

## ARMY DIRIGIBLE REACHES LANGLEY FIELD

HAMPTON, Va., June 24.—The army dirigible A-4, which left Washington for Langley field, this afternoon arrived safely at the field late today. Engine trouble delayed her on her return for several hours but the trouble was repaired and the dirigible completed her trip without further incident.

Mr. and Mrs. H. M. Andre and daughter Eleanor will leave Sunday night for Chicago. Mr. Andre will go from there to Grand Rapids where he will attend the furniture show. Mrs. Andre and Miss Eleanor will return about Wednesday.

Mrs. Mattie Sanders and daughter Martha Ellen have gone to Manchester where they will visit for a week at the home of Mrs. Nettie Barber.

## ELKS COMPLETE PICNIC PLANS

Affair Will Be Held at Oak Lawn Thursday Evening—Fried Chicken is on the Supper Menu.

The plans for the big Elks picnic and chicken fry to be held at Oak Lawn Thursday evening are now completed. The plans as announced will make the affair one of the best of its kind ever given in this city.

In order to make the evening complete in every detail special committees have been appointed to take charge of the various parts of the program.

Supper will be served at 6:30 o'clock and will, with the program following, take up the greater part of the evening. A delicious supper of several courses will be followed by entertainments and various kinds of games. Some of the goodies which will be served at the supper will be: fried chicken, french fried potatoes, sliced tomatoes, sandwiches, coffee, bread, butter and jelly.

The committee in charge of entertaining and games for the evening is Stanley Wright, Dick Reynolds and J. W. Kahn.

The committee that will take care of the catering at the supper is John Larson, Marian Williamson and Sherman Dorand.

The affair is by, with, and for Elks only, and a wonderful time is expected by the lucky members of the order.

## EL-KO, A REAL CIGAR

## GOVERNMENT TO MAKE PHOTOS OF PARK VISITORS

All persons who visit Glacier National Park will be photographed at the expense of the government and cuts of the photos will be sent to the home towns of the persons photographed. Clint Johnson is the newly appointed official government press representative in charge of this particular work. When a person buys a ticket, for a trip thru the park the fact will be telegraphed to the press representative and arrangements for making the photograph will be made upon arrival at the park.

## WILL DISTRIBUTE JUCE BATTERIES IN WIDE AREA

Harold Dunlap is distributor for Juce batteries in territory covering twenty-two counties. The display advertising giving details of the unusual offer that a distributor is now making can be found on another page of this paper.

Juce batteries are of established reputation and Mr. Dunlap is naturally expecting to build up a large business in the extensive territory that has been assigned to him.

Miss Elizabeth Thornley of Ashland is a visitor at the home of her sister Mrs. John E. Toss of Finley street.

## VOCATIONAL CIVICS AT HIGH SCHOOL

A new subject has been added to the curriculum of the local High school. The subject is called Vocational Civics, although several names have been applied to the same study in other schools. It deals with occupations for both men and women and is a very valuable study for helping a young person decide on what his life work shall be. We have the distinction of being the second school in the state to adopt this subject.

Miss Louise Fletcher has been engaged by the Board of Education as the teacher of the new subject. She is a native of this city but has been teaching in the schools of Cerro Gordo for the past year. The new teacher is a graduate of the Illinois Woman's college.

## ATTENTION ELKS

Don't forget that the Elks Club will reopen their dining room Monday, June 26, with a 40c chicken dinner. Come yourself and bring your friends. House Committee.

## VISITORS LEAVE

William Wagoner and Harry Wagoner of Streator who have been visiting at the home of Harry Wagoner's daughter, Mrs. Milton Stout, left Friday for Beardstown where they will visit before driving back to Streator today.

## PICNIC BUNS FEDERAL BAKERY

## ANTI SALOON LEAGUE FIELD DAY FOR COUNTY

The annual Anti-Saloon league field day for Morgan county will be held Sunday. Several out of town speakers will be here to speak in the various churches. Dr. E. C. Peterson will speak at the First Baptist church and Dr. W. A. Smith of Springfield will address the morning service of Grace church.

On Sunday morning the anniversary program of the Woman's Missionary society of Brooklyn, N. E. church will be held. A vocal duet will be rendered by Miss Catherine Randle and Mrs. William Bond. The pastor, Rev. G. W. Randle will preach a special sermon in honor of the occasion. Rev. A. P. Howells of the First Baptist church has returned from the annual convention of the Northern Baptists at Indianapolis. At the evening service today he will render a report of the proceedings of the convention.
